ACI CONCRETE FIELD TECHNICIAN PROGRAM – GRADE 1

CEMENT & CONCRETE PRODUCTS INDUSTRY OF HAWAII (CCPI)

The ACI Certification Program for Concrete Field Testing Technician – Grade 1 is for the purpose of certifying concrete technicians who have demonstrated the knowledge and ability to properly perform the seven (7) basic field ASTM tests on freshly mixed concrete.

Classroom training on concrete mix designs and related ASTM standards. Participants will be instructed and view a video showing the proper procedures in performing these tests. Participants will be given the opportunity to practice the performance tests on freshly mixed concrete at the ready mix plant.

Participant will be given the ACI written and performance examination. Those who pass both exams will be certified by ACI as ACI Field Testing Technician Grade 1.

PAYMENT DEADLINE: Registration form and payment must be received one week prior to the seminar examination date.

CANCELLATIONS must be made 7 days prior to review session or 14 days prior to exam date if there is no review session, in order to receive a complete refund. Late cancellations are subject to loss of registration fee. Substitutions may be made upon request.

POSTPONEMENTS must be made 7 days prior to review session or 14 days prior to exam if no review session scheduled. One will be allowed to re-schedule one time for next session at no additional cost. Any further postponements will incur a fee of \$100 per occurrence.

DISABILITY NOTICE: If you have a disability and need assistance to participate in the training and/or to take the examination, please contact us at least two weeks prior to the scheduled date for the course.

PLEASE BRING: A calculator, paper, and pencil. As you will be handling concrete during the practice session and performance exams, the following shall be considered the minimum safety equipment required: Hard hat, high visibility clothing or vest, safety boots (steel or composite toe), safety glasses and hearing protection devices if needed. If you are missing any part of the minimum safety equipment you cannot enter or will be asked to leave the testing facility.
