ACI CONCRETE STRENGTH TESTING TECHNICIAN

**Certification Program: ACI Laboratory Technician Certification Program
Certification Level: Concrete Strength Testing Technician**

Concrete Strength Testing Technician is an individual who has demonstrated the knowledge and ability to properly perform, record, and report the results of four basic ASTM laboratory procedures related to the determination of concrete compressive and flexural strength.

C617 – Capping Cylindrical Concrete Specimens

C1231 – Unbonded Caps for Concrete Cylinders

C39 – Compressive Strength of Cylindrical Concrete Specimens

C78 – Flexural Strength of concrete

PAYMENT DEADLINE: Registration form and payment must be received at least two weeks prior to examination date.

CANCELLATIONS must be made three weeks prior to review class in order to receive a complete refund. Substitutions may be made upon request and approval.

POSTPONEMENTS must be made three weeks prior to exam date. One will be allowed to re-schedule once for next session at no additional cost. Any further or late postponements will incur a fee of \$100 per occurrence.

DISABILITY NOTICE: If you have a disability and need assistance to participate in the performance examination, please contact us at least two weeks prior to the scheduled test date.

PLEASE BRING: A calculator, paper, and pencil. As you will be handling concrete during the practice session and performance exams, the following shall be considered the minimum safety equipment required: Hard hat, high visibility clothing or vest, safety boots (steel or composite toe), safety glasses and hearing protection devices if needed. If you are missing any part of the minimum safety equipment you will be asked to leave the testing facility.
