Quality & Sustainability

Our unrivaled commitment to Hawai'i stands the test of time

Hawaiian Cement is Hawai'i's leading supplier of cement with superior quality that exceeds all US ASTM testing standards.

We are proud of our long history of helping build the foundation of our Islands since 1939.

Durable. Predictable. Long lasting. Build it better with concrete.

EXECUTIVE DIRECTOR'S MESSAGE

Building on 60 Years of Strength

Aloha! CCPI Hawaii completed 60 years of serving the cement and concrete industries and looks forward to continuing to serve the needs of our Hawai'i industry in 2026. We serve as the sponsoring group for many American Concrete Institute (ACI) certifications and National Ready-Mixed Concrete Association (NRMCA) certifications. We act as a resource for the industry by providing information regarding the latest standards and advancements in cement and concrete. We collaborate with various national and international partners on providing support on concrete-related inquiries affecting Hawai'i's concrete industry. We have worked with officials, agency staff, designers, contractors, producers and anyone interested in concrete.

The activities of the past year made 2025 fly by. Changes in the federal administration led to pivoting in many of the initiatives being pursued in 2024. We partnered with agencies and researchers to implement more sustainable materials. Changes in funding focused sustainability efforts to vetting technologies that had shown potential in providing benefits in daily production

of concrete. Certifications of personnel were well-attended and continue to be requested. We collaborated with local partners to facilitate seminars by Dr. Charles Nmai and Dr. Ken Hover, two concrete experts and long-time friends of Hawai'i's industry.

The year ahead will continue the process. Continuing education with special seminars as well as small group lunch-and-learns are expected to occur regularly. Certification schedules have been posted to the website and requests for special certifications already have been received. Agency, consulting and contracting partners have already started conversations about collaborating on projects. Industry makes material supply more robust by diversifying the sources of raw materials to protect against global disasters and conflicts as well as temper the impacts of tariffs. CCPI aims to keep up with the latest technology and methodology in concrete production. Cements will continue to change, necessitating modifications to specifications and concrete knowledge. Chemical modifiers advance and improve continually.

Innovation plays an important role in our industry and its future. Artificial Intelligence (AI) has already crept into key areas of concrete technology and production. We attempt to find ways to bolster interest in key staffing areas of our industry. Our industry offers the unique opportunity for a diverse workforce from office to field, cerebral to manual and everything in between. Let's all work to spread the word. I have always said that our industry has some of the best people in it.

Let's work together to conquer the next 60 years.

Aloha and mahalo,

Kirk Hashimoto
*Executive Director, Cement
and Concrete Products
Industry of Hawaii*

2026 CALENDAR OF EVENTS

JANUARY

- 6 & 8 ACI Concrete Field Testing Technician Grade I Review Sessions (via Zoom)
- 12-All Practice for ACI Concrete Field Testing Technician Gr. 1 at Producer Plants
Week
- 14 ACI Concrete Strength Technician Review Session (HC&D, Sand Island)
- 17 ACI Certification for Concrete Field Testing Technician Grade I and Concrete Strength Testing Exams (HC&D, Sand Island) ccpihawaii.org
- 19 - 22 World of Concrete (Las Vegas, NV) worldofconcrete.com
- 23 - 25 Building Industry Association (BIA) -The BIG Home Building & Remodeling Show biahawaii.org

FEBRUARY

- 4 - 6 The Precast Show (Kansas City, MO)
- 15 - 21 Engineers' Week Activities hces.us
- 28 - NRMCA Annual Convention (Las Vegas, NV)
March 2 nrmca.org

MARCH

- 10 & 12 ACI Concrete Field Testing Technician Grade I Review Session (via Zoom)
- 16-All Practice for ACI Concrete Field Testing Technician Grade 1 at Producer Plants
Week
- 21 ACI Certification for Concrete Field Testing Technician Grade I Exam (Hawaiian Cement, Halawa) ccpihawaii.org
- 29 - ACI Spring Convention (Rosemont, IL)
Apr. 1

MAY

- 5 & 7 ACI Concrete Field Testing Technician Grade I Review Sessions (via Zoom)
- 11-All Practice for ACI Concrete Field Testing Technician Grade 1 at Producer Plants
Week
- 13 ACI Concrete Strength Technician Review Session (HC&D, Sand Island)
- 16 ACI Certification for Concrete Field Testing Technician Grade I and Concrete Strength Testing Exams (HC&D, Sand Island) ccpihawaii.org

JULY

- 7 & 9 ACI Concrete Field Testing Technician Grade I Review Sessions (via Zoom)
- 13-All Practice for ACI Concrete Field Testing Technician Grade 1 at Producer Plants
Week
- 18 ACI Certification for Concrete Field Testing Technician Grade I Exam (Hawaiian Cement, Halawa) ccpihawaii.org

AUGUST

- 7 2026 ASCE Hawaii Scholarship Golf Tournament (Pearl at Kalauao) ascehawaii.org

SEPTEMBER

- 8 & 10 ACI Concrete Field Testing Technician Grade I Review Session (via Zoom)
- 14-All Practice for ACI Concrete Field Testing Technician Grade 1 at Producer Plants
Week
- 16 ACI Concrete Strength Technician Review Session (HC&D, Sand Island)
- 19 ACI Certification for Concrete Field Testing Technician Grade I and Concrete Strength Testing Exams (HC&D, Sand Island) ccpihawaii.org

OCTOBER

- 15 & 16 CCPI Annual Meeting (Ritz-Carlton Kapalua, Maui) ccpihawaii.org
- 11 - 14 ACI Fall Convention (Atlanta, GA) concrete.org
- 15 - 18 NRMCA ConcreteWorks (Nashville, TN)

NOVEMBER

- 3 & 5 ACI Concrete Field Testing Technician Grade I Review Session (via Zoom)
- 9-All Practice for ACI Concrete Field Testing Technician Grade 1 at Producer Plants
Week
- 14 ACI Concrete Field Testing Technician Grade I Exam (Hawaiian Cement, Halawa) ccpihawaii.org
